FROM THE SALE MANAGER

Dear Breeders:

It is with a great deal of honor and pleasure that I welcome you to the Len-Ru Production Sale.

The Leonard Adams family is no stranger to the Shorthorn Industry and especially in their home state of Iowa. Leonard is presently a member of the board of directors of the Iowa Shorthorn Association; three daughters have been Iowa State Lassie Queens; and the entire family has always been a moving force in the junior programs in the state of Iowa.

Leonard and Ruth Adams have spent endless time and money traveling throughout North America in their selection of this good, sound producing herd. They have consistently chosen the top-selling and best producing females from the top production and dispersion sales during the past three years. You can take advantage of their efforts on November 14. Nowhere this fall will you have the opportunity to select such a variety of outstanding and leading bloodlines than in this, the Len-Ru Production Sale.

If I can be of any assistance or service, please don't hesitate to contact me.

STUART WILSON
Sale Manager

FROM THE LEONARD ADAMS FAMILY

Weston Road Runner would like to welcome you to the Len-Ru Production Sale on November 14.

Dear Friends,

We would like to take this opportunity to welcome you to our First Len-Ru Farm Production Sale.

The herd is in top production and is in excellent health with recommended management practices followed. Every year we have close to a 100% calf crop average and this past season we had the misfortune of losing two calves — one from exposure during a storm and the other from a freak drowning in a creek. We also practice a strict and rigid culling program in our herd with many high priced cattle going to market.

The sale manager helped select the offering for this with several females selling that would have never left the farm if it hadn't been for our desire to make this sale a success and to share the wealth of the leading bloodlines with our friends in the Shorthorn Industry. All of our 1975 and 1976 bred and open heifers are being offered in the sale. We plan to have a production event every few years; and after this sale, the herd will have been reduced in half.

Everyone is welcome to view the cattle at the farm before the sale; check over their records; and see the quality which we will be sharing with you. We also believe in selling healthy stock in good breeding condition which is the same condition in which we want our own producing cows. We will not be offering the young bulls in the sale as we are planning to sell them in winter sales and at private treaty.

The cattle will be on display at the sale pavilion on November 12. We hope to see you at the sale on Monday, November 14.

Sincerely,

LEONARD and RUTH ADAMS
and FAMILY

Weston Road Runner, senior herd sire at Len-Ru Farm. His service and get are heavily felt in this "Top Production Sale."
